

**STō****CARGO TRAILERS 300 & 400 SERIES**

## Now With More Features & Options

The new Stō 300 & 400 Series cargo trailers are loaded with standard features and options to help you get down the road efficiently and securely.

**Stō 300 6.7' x 14' Shown**

### THE FEATURES YOU NEED MOST

We've assembled the features our customers want and need most in a cargo trailer and made them all standard on our new Stō 300 & 400 Series. As a result, it's easier for you to load cargo efficiently and securely while on the road. Dependability and quality are also standard in our trailers, because our aluminum is pound-for-pound twice as strong as industry standard steel. It's also lighter, so your load is easier to tow with less wear and tear on your vehicle. With our BuildPro® modular fixed weld tables, the Stō 300 & 400 Series offers the highest quality and most structurally sound frame in the industry.
